Re: QUALIFYING USAGE OF DUNLOP TYRE – ATTACK LAPS

To All

With reference to the above, please be informed that after discussion with Dunlop.

It has been decided that the usage of **Qualifying Tyre for 2026** be used only for a **maximum of 3** attack laps.

Dunlop recommends that 3 attack lap ONLY.

1st Lap – Pit out

2nd Lap – Attack lap

3rd Lap – Attack Lap

4th Lap – Attack Lap

5th Lap – Pit In

Riders are allowed to use Qualifying Tyre for start practice after the chequered flag

Please do follow the above procedure as mentioned.

Race Direction will penalise any rider that does not follow the above with a penalty of starting Race 1 and Race 2 at the back of the grid

The decision of Race Direction is Final

Thank You
